Re: Return of Mathis Incidental Boundary Change Application, Andalex Resources, Inc.,
Centennial Mine, ACT/007/019-IBC99-1, Folder #3, Carbon County, Utah

Dear Mr. Glasson:

The Division completed a review of your application for an Incidental Boundary Change (IBC) to add 160 acres (Mathis lease) to the Centennial Mine on February 22, 1999. At that time deficiencies were identified and sent to you for correction. The corrections were to have been made by March 19, 1999. You were later granted an extension of time to respond by April 15, 1999. As of the date of this letter, we have not received a response, therefore we feel it necessary to return the application to you since we have no room to maintain it as an active file. In reality it is probably best for you to have the application since it requires modification anyway, and you will be in a better position to make sure that your changes get incorporated into the application when it is time to resubmit it.

If you have any questions, please don't hesitate to call.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock
Permit Supervisor
